## **Aria Rutkowski Scholarship**

This scholarship is for a junior or senior student majoring in nursing with a minimum GPA of 3.0. Students also need to demonstrate strong financial need and show exceptional care and compassion for patients throughout the program.

To honor Aria's short life, this scholarship was set up in honor of Aria and the nurses that cared for her and her mommy. Nurses don't need to be unsung heroes in the story of Aria's life. With providing a scholarship to advance the education of nursing students we felt like it could help other families in need to also receive great care from nurses. In this way, Aria's life can have a positive impact on others for generations to come.
