

## ASC Fall 2008 Schedule of Courses

Listed below are some of the registration site and delivery codes used in the registration system:

- <sup>1</sup>The first two characters indicate the site where the course is offered
- The last character designates the method of teaching. If there is an “S”, it means that class is broadcast over the Satellite. If there is a “J or K”, then the course is delivered online. You will need to go to the registration site and go through that process to register so that you are populated into the course. That web site is:  
<http://extension.usu.edu/continuinged/courses/index.cfm>
- If the last letter is an “I” it is either a campus only course (001) or live instruction at the designated centers. IE. The courses at the DATC in Kaysville are either designated “OG1” or “OGS”. The OG1 tells you it is in Ogden and you will have a “Live Instructor”. The OGS tells you it is in Ogden and that it is a satellite delivery.
- If there is a “W” in the third character, it means it is an arranged course.

BC	Brigham
BL	Blanding
LO	Logan
LT	Out of State
MB	Moab
NC	North Central
OG	Ogden
PR	Price
SL	Salt Lake
